

Think. Act. Change your world.

There are a lot of colleges and universities to choose from. How do you decide what's right for you?

Ask these questions at a college fair or while visiting a college or university:

- How often do students talk with advisors or faculty members about their career plans?
- Are students satisfied with their overall education experience?
- To what extent does the school help students deal with their academic and social needs?

How does Rockford College stack up?*

- 92% of seniors discuss career plans with Rockford College faculty
- 85% of seniors would choose Rockford College again if they could start their college career again
- 84% of first-year students feel that Rockford College has a substantial commitment to their academic success
